Aim:

Write a Program to print the Hollow pyramid pattern

Source Code:

```
PyramidGap.java
```

```
import java.util.Scanner;
public class PyramidGap{
       public static void main(String args[]){
             int i,n,j;
             Scanner input = new Scanner(System.in);
             System.out.print("Enter no of rows : ");
             n = input.nextInt();
             for(i=1;i<=n;i++){
                   for(j=1;j<=n-i;j++){</pre>
                          System.out.print(" ");
                   for(j=1;j<=i;j++){
                          if(j==1||j==i||i==n){
                                System.out.print("* ");
                          }
                          else{
                                System.out.print(" ");
                          }
                System.out.println();
             }
       }
}
```

Execution Results - All test cases have succeeded!

```
Test Case - 1
User Output
Enter no of rows :
    *
   * *
 * * * *
```

Test Case - 2
User Output
Enter no of rows : 6
*
* *
* *
* *

* * * * *
